

On average, the Duluth-Superior area gets almost 7 feet of snow a year

Be prepared to move it safely – for both the public and the environment

[www.lakesuperiorstreams.org](http://www.lakesuperiorstreams.org)

Winter maintenance can change the future of our water.

\*One teaspoon of road salt will contaminate 5 gallons of water, enough to exceed our federal chronic limit for chlorides.\*

All of the salt we have applied to the roads over the years is still with us, only in our water.

**Be part of the solution.**

Contract out your snow removal?  
Pass this on to your service provider.

## Winter Parking Lot & Sidewalk Maintenance Training Seminar

January 8, 2013  
9:00 am – 2:30 pm

Natural Resources  
Research Institute  
5013 Miller Trunk Hwy  
Duluth, MN 55811

## If You Deal with Snow, Take Note

Snow removal contractors, property managers and anyone responsible for maintaining sidewalks and parking lots will not want to miss this **FREE** one-day training seminar scheduled for January 8, 2013 from 9:00 am – 2:30 pm. Lunch and refreshments are included. Seminar located at:

**Natural Resources Research Institute  
5013 Miller Trunk Highway Duluth, MN 55811.**

For directions to the seminar see  
<http://www.nrri.umn.edu/default/duluthMap.htm>

## A Training Designed with You in Mind

Get no-nonsense information and useful tips and suggestions from leading experts on:

- Material application rates
- Calibrating equipment
- Understanding the weather conditions
- Storing materials
- De-icing and anti-icing techniques

## Get Practical Resources

All seminar attendees will receive helpful, easy to use materials, perfect for use when out on the job.

## Get Certified

The Minnesota Pollution Control Agency (MPCA) offers certification in snow and ice control best practices. To get certified, simply take (and pass) the optional test at the end of the seminar and agree to voluntarily apply certain best management practices.

## Don't Miss This Opportunity

To attend, simply fill out the attached registration form and return it by Tuesday, December 18, 2012 to:

Minnesota Sea Grant  
144 Chester Park  
31 West College Street  
Duluth, MN 55812

Registrations will also be accepted by email (ville034@umn.edu). Hurry! There are only 35 seats available. **For answers to any general questions, please contact Cristina Villella at 218-726-6605.**
